Your contribution to Children Incorporated helps meet the individualized needs of specific children around the world in real time.

**WAYS TO HELP:**

- » Sponsor a child in the U.S. or abroad
- » Support a special project
- » Donate

“It makes me feel good to have a sponsor!”

WHAT WE DO:

» **SPONSORSHIP:** Children Incorporated relies on our donors and sponsors to provide opportunities to children around the world. Sponsorship provides an underprivileged child with such basic necessities as food, clothing, healthcare, and education. For just \$28 a month, one sponsor can help to break the cycle of poverty and give a child hope for a brighter tomorrow. Roughly 300 volunteer coordinators manage our program sites in the United States and 22 foreign countries.

» **SPECIAL PROJECTS:** At any given time, there are numerous specific areas of need among the projects we serve, with overall costs ranging from a few hundred dollars to many thousands. The variety of needs is great, and we are always seeking funding to meet them.

WHO WE ARE:

Children Incorporated provides vital resources for children in need in the United States and abroad, because we passionately believe that children everywhere deserve education, hope, and opportunity.

Your support enables Children Incorporated to provide individual children all over the world with specific essentials they need and deserve: adequate food and clothing, access to education, and the simple, yet impactful knowledge that someone cares.

OUR IMPACT:

Our donors and sponsors enable Children Incorporated to help meet the needs of more than **20,000 children each year.**

WHERE YOUR MONEY GOES:

At least 80% – and often an even higher percentage – of your donation goes directly to helping children.

Whether you sponsor an individual child or give a general donation to support Children Incorporated’s work, you are changing lives! Not only are you helping individual children at our program sites around the world – but the ripple effects of your kindness impact their entire communities!
