Dear Friend,

We sincerely appreciate your interest in the work of Children Incorporated. We envision a world where all children have access to education and opportunities, as well as resources to help improve their personal living conditions. Hope for a brighter future is often the key to a child's success, and it has always been our goal to offer affirmation and encouragement through our sponsorship program and all of our other programs.

Currently, approximately 16% of the U.S. population lives in poverty, and this includes around 22% of all U.S. children. Almost half the world's population lives on less than \$2.50 per day. Globally, there are one billion children living in poverty. The numbers are astounding; yet while there is no easy fix, there are definitely steps that caring individuals can take to make a difference in the lives of those who struggle. Sharing and lending a hand up are perhaps among the most important and meaningful ways. For just \$28 a month, one can sponsor a child and help to provide basic and education-related assistance, including, but not limited to, clothing, food, health care items, and school supplies. Sponsors can offer hope to the children they assist by showing them that someone cares.

Children Incorporated is a registered 501(c) (3) non-profit organization, assisting more than 20,000 children annually both in the U.S. and abroad. Since its founding in 1964, Children Incorporated has aided more than a quarter of a million children around the world, and helped to make their lives better. For more than half a century, we have received glowing reports from our network of over 300 volunteer coordinators stating that Children Incorporated makes an immeasurable difference in the lives of the children and youth served, as well as in their families and communities.
